

To: Patients and Community Members,

I write to you today with a profound sense of responsibility and dedication to the health and well-being of our community. As the President and CEO of Family Health Care Clinic, Inc., it is both an honor and a privilege to serve you.

At Family Health Care Clinic, Inc., our mission is clear: to provide high-quality, affordable healthcare services that are affordable to all members of our community, regardless of their socio-economic status, ethnicity, or background. We believe that access to healthcare is a fundamental human right, and we are committed to ensuring that everyone has equal access to the care they need to live healthy and fulfilling lives.

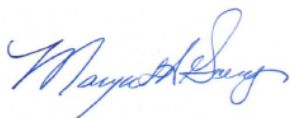

In recent years, we have witnessed firsthand the profound impact of health disparities on our community. From unequal access to healthcare services to disparities in health outcomes, there is much work to be done to achieve health equity for all. As an organization, we are deeply committed to addressing these disparities head-on and working tirelessly to build a healthier and more equitable future for our community.

To that end, we are expanding our range of services and programs to better meet the diverse needs of our community. From primary care and preventive services to mental health and substance abuse treatment, we are continuously striving to enhance and innovate our services to ensure that they are accessible, affordable, and culturally competent.

But we cannot do this alone. Achieving health equity requires collaboration and partnership across sectors and communities. That is why we are actively engaging with local organizations, community leaders, and stakeholders to develop holistic, community-driven solutions to address the root causes of health disparities and promote wellness for all.

As we look to the future, I am filled with optimism and hope for what we can achieve together. By working hand in hand with our community, we can build a future where everyone has the opportunity to live a healthy, fulfilling life. Thank you for your continued support and partnership on this journey toward health equity.

Sincerely,

A handwritten signature in blue ink, appearing to read "Margaret A. Gray".

Margaret A. Gray, DPA
